TODAY WE WILL TALK ABOUT:

SOCIAL
MEDIA

FRIENDS:

Almost every social media app is usually made to
contact people or anyone.

We can chat with friends from far away and tell
them you are okay.

You might spend too much time with them, get
addicted and lose rest time.

EDUCATION

On social media we can watch stream about
math, english, science,...

FAMILY

Social media helps with families like contacting each other or let your family know your status online by posts.

WELL BEING

In conclusion, social media both has positive and negative effects, it's not good or bad but it's best to not spend too much time and take regular breaks.

THANK
YOU
